

Tuesday 2nd June 2020

LO: To create a paper plate pet.

To be successful I must be able to:

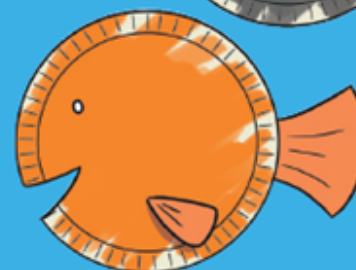

- Choose which pet I would like to make.
- Follow the instructions carefully.

Paper Plate Pets

You will need:

- Paper plates (one per child)
- Paint
- Paintbrushes
- Different coloured sugar paper
- Scissors
- Glue sticks
- Glue spreaders
- Marker pens (optional)
- Decorative items, such as wool and googly eyes (optional)

Activity

1. Choose which pet you would like to make. Think about what colour your pet needs to be.
2. Paint the paper plate entirely in your chosen colour. Wait for it to dry.
3. Choose some paper in the same colour to cut out shapes for the ears and nose - triangles, semicircles and ovals work well! Use glue to attach them.
4. Use a small paintbrush or marker pen to add details like eyes.
5. Leave the decorations to completely dry.
6. Display your paper plate proudly for everyone to see!
