Tuesday 9th June

Year 3s (Fractions) and Year 4s (Decimals):

A second week on Fractions and Decimals. Click on the link and choose any of the games. It might be one we've done before like "Marlons Magical Maths Mission". You will see that the games often have fraction questions (for Y3) and fraction questions with decimal answers (for Y4). Start with an easy level to get used to the game, then challenge yourself with the harder levels.

Wednesday 10th June

Year 3 and Year 4:

<https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check>

Multiplication Facts Check game.

Y3: Tick these times tables: 2, 3, 4, 5, 10 and 8 and see how many you get right.

Y4: Tick all times tables.

Log your score in your book. Did you beat last weeks score?

Thursday 11th June

Year 3 and Year 4:

See Tuesday for Fractions and Decimals games again.

Friday 12th June

Times Tables 4 minute Practice Grids

Red group – Grid 1 or Grid 2

Green Y3 – Grid 2

All Y4 – Grid 3

Remember the rules: 4 minutes timed. See if you can beat last weeks scores.

Learn one or two of the ones you got wrong this week and keep practising them.
