

Friday 27th March 2020

LO: *To write a list.*

To be successful I must be able to:

- *Plan what I want to write (a list of pets you might see in a vet).*
- *Hear the phonemes (sounds) in the words I want to write.*
- *Write the correct graphemes (letters) for the phonemes.*
- *Try and write an adjective to describe the pets.*

*What animals might you  
expect to see in a vet's  
waiting room?*

Can you write a list of these animals?

Challenge - can you think of an adjective to describe them? e.g.  
soft, spotty, yellow, big etc.
