Times Tables 4 minute Practice Grids

Red group - Grid 1 or Grid 2

Green Y3 – Grid 2

All Y4 - Grid 3

Like we do Maths Challenge, have a copy of the grid face down on your table. Get someone to time 4 minutes for you. When they say go, turn your grid over and fill in as many boxes as you can in the 4 minutes. When they say stop, finish writing the answer youre on and turn the grid back over.

Mark how many you got right and keep a record of your score. See if you can beat it next week. Did you get any wrong? Choose 2 to practise all week and learn.
